

states_set_handler
_timing_goal_start

```
graph LR; A["states_set_handler  
_timing_goal_start"] --> B["states_get"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is grey with a black border and contains the text 'states_set_handler' and '_timing_goal_start' on two lines. The right box is white with a black border and contains the text 'states_get' on one line. A blue arrow points from the right side of the grey box to the left side of the white box.

states_get
